

SUMMER SCHOOL

RAW MATERIALS IN PHOTOVOLTAICS

Registrations are now open!

NEXT EVENT: University of Milano-Bicocca
08 - 13 September
2024

Raw Materials

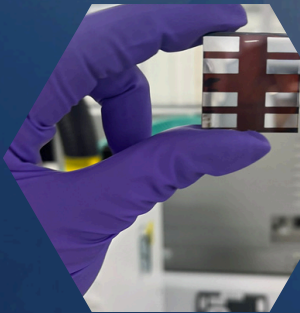

Manufacturing

Recycling

New Tech

Lab-to-Market

Join SUMMED-PV
for a transformative learning experience!

SUMMED-PV is a 5-days immersive program where you'll engage with researchers and managers.

Learn both theoretical and practical aspects, and interact with experts to explore business opportunities.

SUMMER SCHOOL

RAW MATERIALS IN PHOTOVOLTAICS

UNIVERSITY OF MILANO-BICOCCA

TORRE BREDA: VIALE SARCA, 230; 20126 MILAN, ITALY

Monday 09/09/2024

Raw Materials

8:00 AM Registration

9:00 AM Interactive seminars on Raw Materials' strategic role in current and future technologies: Devices, Arrays, Battery, Grid Integration and Life Cycle Assessment

04:00 PM Team Work Projects: kick-off

06:30 PM Networking cocktail

CEST

Tuesday 10/09/2024

Manufacturing

9:00 AM Manufacturing process of solar cells and modules: Meet the makers and the Industry

02:00 PM Hands-on training: photovoltaics systems

04.30 PM Team Work Projects: development

08:00 PM Social dinner

CEST

Wednesday 11/09/2024

Recycling

08:30 AM Photovoltaic circular value chain: current status, regulations, procedures and reuse

02:00 PM Visit to WEEE management plant

CEST

Thursday 12/09/2024

**Technological
Innovations and
Emerging Materials**

09:00 AM Towards a cost-effective, sustainable, and fully integrated technology: the new generation of photovoltaics will be discussed by the researchers at the forefront of the field

04:00 PM Team Work Projects: production of graphic works

CEST

**Friday
13/09/2024**

Lab-to-Market

09:00 AM Lab-to-Market: Meet the Startups

02:30 PM Graphic works presentation and award ceremony

04:30 PM Closing remarks

CEST
